EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In The Claim

Claim 16, line 1, "46." Has been changed to --16.--.

REASONS FOR ALLOWANCE

2. Claims 15- 22 are allowed.

Allowable claim 16 and 21 have been rewritten into independent claims including all limitations of the base claims, so claims 16 and 21 are allowed because the prior art of record fails to disclose or suggest all of the limitations of these claims. In particular, the prior art of record fails to disclose or suggest, in combination with other limitations, a first control power supply line and a second control power supply line with the recited connections and operations set forth therein, and wherein the first and second control power supply lines being maintained at different potentials.

Claims 15 and 17-20 are allowed because they depend on claim 16.

Claim 22 is allowed because it depends on claim 21.
